WALL INSTALLATION BOX

WHITE WITH PIPE VENT SMALL AND LARGE

Item No. 5496

OHA-Plastic-Wall Installation Box small tileable, without pipe vent

Item No. 5497

OHA-Plastic-Wall Installation Box small tileable, with pipe vent

- air tightness test at 30 Pa, 500 Pa and 10000 Pa
- CE declaration of conformity acc. to DIN EN 12 380, class A1
- LGA-tested acc. to DIN EN 12 380: 2003-03
- air flow rate 91 / sec

The advantages at a glance:

- can be used in wet and dry construction
- Installation box depth adjustable by max. 65 mm
- Styrofoam building protection for easier plastering / tiling.
- Plastic cover plate, UV-resistant
- Easy to open connection openings thanks to the lid attached

The cover plate with three integrated openings ensure sufficient air supply. For maintenance / inspection, it is easily removable by a spring mechanism.
